## RELEVANT EXPERIENCE

**G2G Online / Practicomfort / Mobilae,** Valkenburg,The Netherlands — *Lead Developer - frontend (React / React Native / Redux / GraphQL / CMS Strapi ...)*

May 2019- until now

- Design from scratch a web platform (frontend) and mobile app until production. This platform supports the customer in all customer journeys (suspect / prospect / customer) and the employees as salesman and help desk employees in the process of quotation and selling the main products of the company (stair lift / walking showers...).

- Manager a small team of fronted developers in the process of rebranding from Practicomfort to Mobilae.

## Summary

I am an enthusiastic web developer, highly motivated to update deprecated code or build projects from scratch with the latest technologies. I am agnostic in terms of languages or frameworks, because I see this just as tools to build something. Of course I have my preferences, but I let this open for a future meeting with you.

**What I can offer:**
- Almost four years of web development experience.
- Problem solving mindset.
- Professional and ethic.
- Ready to do the extra mile
- Master degree in computer science and business management.
- Hyperactive developer

**Doubts? Only after this:**
- Mozilla Developer Network (MDN) web docs
- Stackoverflow
- W3C
- Microsoft docs
- Yes, I like to read good documentation

**Where I learn and find new ideas:**
- CodePen
- Edx
- Udemy
- You Don't Know JavaScript (Book)
- Youtube

**My goal:**
